Biography

Rudy G is an independent rock artist who evokes an eclectic powerhouse of sound, combining a solid rock foundation with a creative expression taken from a multitude of music genres. His passion began when he discovered the electric guitar in high school, the high-energy antics of Red Hot Chili Peppers, and the emotionally intense artistry of Nirvana, later discovering the creative forces of Jimi Hendrix, Led Zeppelin, and The Beatles. This led to his involvement in Southern California's local music scene for the past decade through various local rock projects and performing alongside rock, blues, pop, reggae, ska, & hardcore style artists. Rudy G has since taken on the roles of Songwriter, Vocalist, Multi-Instrumentalist, Producer, & Sound Engineer and kickstarted his solo career with his debut single "Finally An Escrow Jay" in Sept. 2021 & a follow up single "Empathy" in Nov. 2021.
